Career Objective

A highly motivated Software Engineer and Web Developer with a Bachelor's degree in Computer Science, specializing in JavaScript, React.js, and Node.js. Passionate about building robust web applications and driving IT management excellence. Recognized for strong problem-solving skills, leadership, and the ability to deliver impactful results both independently and in collaborative team environments. Seeking a challenging role in a dynamic, growth-oriented organization where I can leverage my technical expertise and management skills to drive innovation, optimize operations, and contribute to transformative projects.
